MAIL DELIVERY IS PRACTICAL CERTAIN

INSPECTOR MAKES HIS FINAL VISIT TO REDWOOD CITY AND REPORTS FAVORABLY.

City Council Acts Promptly in Matter of Renaming Streets as Required By the Department.

Redwood City will soon have mail delivery. By the first of the year, or at the latest, a few weeks after that date the public will receive its mail at its doors daily, thus obviating the journey to the post office. For months past Postmaster Price has been at work on the undertaking, and his efforts, in addition to the publicity given by the Democrat, have been successful.

One of the important requisites for mail delivery is sidewalks. Mr. Price has been able to inform the department that Redwood City has over thirty miles of cement walks in use, four miles in course of construction and three miles of good gravel walks.

The business of the office has also reached a figure that entitles Redwood City to a mail delivery, the total transactions for 1913 being $196,236.06. During the past year there were 5000 money orders issued and 13,396 orders received and paid.

Inspector Madden of the Postal Department spent two days this week with Mr. Price and made a thorough inspection of the city. He had a few changes to suggest in the way of the numbering of houses and naming of streets, but as a whole he considered Redwood City in excellent shape to receive the improved service.

"I have spent twenty-seven years in the work of making such inspections," said Mr. Madden, " and I consider Redwood City one of the most up-to-date cities I have visited." Recently Mr. Madden refused mail delivery to a city having a much larger population than Redwood City, and a much larger post office business, because its sidewalks were not of the kind required by the government. "Your people have every reason to be proud of your city," he said.

It is required by the Postal Department that streets that are continuous, or nearly so, bear the same name. The city council has been prompt to act in this matter, and a conference was held Monday night with a view to making the necessary changes. Trustee Deleau has prepared the following report which will be adopted at the regular meeting next Monday evening, embodying the necessary changes:

Avondale Ave., from Crescent to Hyde street, will be changed to Hyde street.
South street, full length, to Grant Ave.
Portola Ave., full length, to Grant Ave.
Blaine Ave., full length, to Clinton street.
Davis street, from Harrison to Roosevelt Ave., will be changed to Fulton street.
Evans street, full length, to Grant street.
Gerwin street, full length, to Hudson street.
Wallace street, full length, to Hudson street.
Kendall street, full length, to King street.
Wood street, full length, to Ebener street.
Lowell street, from Vera to Jefferson Ave., will be changed to Hawes street.
Hopkins Ave., from County Road east, will be changed to East Hopkins Ave.
Brewster Ave., from County Road east, will be changed to East Brewster Ave.
East Bradford, full length, to Bradford street.
East Marshall full length to Marshall street.
Holden street, full length to Bradford street.
Jefferson Ave., from County Road to Center street, will be changed to East Jefferson Ave.
Madison Ave., from County Road to Franklin street, will be changed to Diller street.
Jackson Ave., from County Road to Southern Pacific line, will be changed to Wilson street.
Center street, from Washington to Main street, will be changed to Webster street.

It will also be necessary to number the houses and provide mail receptacles. The manner of providing this convenience for the carriers will be explained to the people very soon.

Redwood City has 600 homes which will receive the benefit of delivery, not counting the business houses on Main street and Broadway.

HOW TO MAIL GIFTS; SHOULD BE SENT EARLY.

In order to facilitate the handling of Christmas mail, especially packages, the postoffice department has sent out posters to all of the postoffices, including instructions to Postmaster Price if this city, directing the public to co-operate in three ways, namely:

To mail early.

To wrap all packages securely in heavy paper.

To write the address in a legible hand and to see that the package also is marked with the name and address of the sender.

No package weighing 50 pounds will be carried more than 150 miles by the postoffice department, while a package weighing up to 20 pounds may be sent anywhere.

Packages sent early through the mail may be marked: "Not to be opened until Christmas."

All Christmas mail should be in the hands of the local department by December 22d to ensure delivery to the consignee by the 25th, and as much earlier as possible.

Coburn Asks Change of Venue

He has been acclaimed as one of the most authoritative and scholarly of players by the critics of Europe, and for the past five years he has been appearing in the leading cities on the continent, meeting with a series of success.

HON. E. A. HAYES PLEDGES SUPPORT

MEETS WITH CITIZENS AND DISCUSSES IMPROVEMENT OF REDWOOD CITY HARBOR.

Mr. Hayes Advises Board of Trade How to Proceed and Promises to Give His Assistance.

Congressman Hayes was the guest of the Board of Trade at a mass meeting in the courthouse Saturday afternoon. The purpose of the meeting was to interest Mr. Hayes in the movement to improve Redwood City harbor by straightening and dredging, so as to accommodate deep-water shipping. R. F. Chilcott presided at the meeting.

Mayor Geo. A. Mrerill and Frank Marcus were the speakers selected to present the matter to Mr. Hayes. Mr. Merrill, representing the Redwood City Harbor Company, gave a detailed statement of the work that is being done by his corporation on the lower harbor in the way of constructing wharves and levees and building a wagon road and spur track to the company's water front. He stated that possibly in the future the Harbor Company would ask aid from the government in deepening its waterways. It was not proposed to do so now. The purpose of the conference was to improve the upper harbor as far as the Bradford-street drawbridge, which undertaking had his endorsement.

Frank Marcus of the Frank Tanning Company spoke quite convincingly in favor of the straightening and deepening of the stream. He argued that the money expended in dredging in past years was largely wasted because the many turns in the creek impeded the flow of the water and caused shoaling very soon after the dredging was done.

Mr. Hayes was a careful listener to the arguments presented to him and he showed his interest in the undertaking by frequently asking questions. In conclusion he advised the Board of Trade to first interest the War Department in the matter to the extent of having a preliminary survey made with an estimate of the cost of the work. As soon as a survey is advised he promised to secure an appropriation to pay its cost, and when the matteer of improving the stream is before the House, on the recommendation of the War Department, which first step is necessary, he pledged himself to give it his earnest support.

Mr. Hayes stated that maps and estimates from private sources would be useless, as all such work is done by the government's own engineers. He also said that a petition would be of no avail. It is up to the Board of Trade to appeal directly to the chief engineer of the War Department.

Mr. Hayes also said that if the people were to be granted free shipping at any point on the water front the government would more readily respond to a call for help. Mr. Merrill assured him that a community wharf would be provided by his company and that there was also a public wharf at Steinberger slough.

Remarks were also made by Assemblyman H. W. Brown, Geo. C. Ross and Wm. H. Hanson, after which the meeting closed.

Senator-elect James D. Phelan who was invited to be present was unable to come on account of other pressing engagements. He had written to the Democrat that after January 1st he will be pleased to come to Redwood City and familiarize himself with the needs of the people in way of harbor improvement.

New K. C. Clubhouse

Within a few days work will be started on the $36,700 Catholic clubhouse, which will be erected by the Knights of Columbus Hall Association at Baldwin avenue and Griffith street, San Mateo. The building, of concrete, will contain a theatre, gymnasium and swimming tanks.

CITY OFFICIAL PAPER

D. E. O'KEEFE, Editor and Proprietor

AN INCENTIVE TO LABOR.

The man who is to prosper in his alloted sphere of life—be it great or small—must bring to his labor something more than the promptings of a struggle for mere selfish existence. The hardest tasks are easy when we do them for those we love, or to carry out plans in which we are interested and for the success of which we long. The body may become weary, the mind dazed with hard work, but we do not mind if our hearts are in the struggle.

Thousands of workers drag out a miserable existence, because the only interest they have in their work is the wages they grind out. The man or woman who has no interest in working except to squeeze a living out of it, has a hard time indeed. The one who goes through life doing for others only the exact amount for which he is paid, never doing something for love's sake, or for the pleasure of seeing the work prosper and the projects grow, loses most of the happiness this world can give.

Labor for a mere monetary consideration may fill the stomach with fond, but it cannot fill the soul with happyness and satisfaction. Unless there is mixed with the daily labor for bread some loving service for others, some work for which no pay is expected, the soul continues hungry for the only food it can partake and, instead of growing larger and stronger and more capable it shrinks and shrivels, and in time becomes dwarfed in all its better capacities.

The man who stifles all the nobler impulses of his nature, which would lead him to help those who need help simply for the pleasure of doing it, without a thought of pay, loses much of the pleasure the world offers all about him. Supreme selfishness is labor, and and selfish indulgence in matters of ease and luxury, may bring bodily comfort and even mind satisfaction for the time being. but such a nature can never know a moments real hapiness.

DEMAND FOR HARBOR IMPROTEMENT

The eleventh annual convention of the national rivers and harbors congress is soon to be held in Washington and the announced intention of a considerable number of the delegates indicates that there is to be a demand for a more liberal attitude toward waterway improvement on the part of Congress than was shown at the last session. The fact that the total appropriation for rivers and harbers was cut down to $20,000,000, thus ignoring a great number of projects advocated by representatives and senators from the various states, certainly was a cause of much disappointment among waterway advocates, and it is probable that it will be made clear that in the opinion of the coming convention Congress acted unwisely in this mrtter.

The public is decidedly open minded on the subject of waterway. Popular opinion, undoudtly, is decidedly in favor of waterway improvement, and that on a liberal scale. Opposition to expenditures of this character is directed solely to wasteful appropriations, granted simply to balance the distribution of favors, towards appropriations intended simply to enable some cougressman to bear a gift from the treasury to his district.

There is but little room for argument on the question of building up the great internal waterways in the United States, or on the question of properly maintaining present navigable rivers. Unquestionably, all legitimate appropriations for the improvement of rivers and harbors are approved by the public in advance. Only the illegitimate are objectionable and will meet with opposition.

The "noble red man" had his innings at the present election. Oaklahoma added one Indian representative in the person of W. W. Hastings, a Cherokee, and Kansas sent Charles Curtis, of Kaw decent.

If the American missionaries should be compelled to quit Turkey it will be an easy matter to find plenty of work for them nearer home.

If President Wilson is waiting for a stable goverment to appear in Mexico, he will probably have to wait "till the cows come home."

Laws against carying concealed weapons seems to be observed only by people who would not carry weapons anyhow.

Red Cross Seals Ready.

The Red Cross Christmas seals are now ready and on sale at the drug stores of A. D. Walsh and P. A. Ryan, and at the Sequoia and Lloyd's candy stores and at Stafford Bros. These little messages of peace and good will cost only a penny apeace and the proceeds go toward the maintenance of the free clenic in San Francisco for the treatment of tuberculosis and to which patients from this community have access. It is to be hoped that as large sales will be made this year as has been in the past.

Christian Science Services.

Christian Science Society, Woomans' Club House, Services Sunday, 11 A. M. Subject "God, the Only Cause and Creator." Sunday school 9:45 a. m. Weekly testimonial meeting Wednesday evening at 8 o'clock. Public cordially invited.

Tramp Finds Good Samaritan

Little Rudolph Marcus, aged five years, and son of Mr. and Mrs. Henry Marcus of this city, proved himself a philanthropist last Tuesday. He was alone in his parents' home in Redwood Highlands when a tramp came to the home. The boy took him in and gave him his fathers best suit of clothes. The "Weary Willie" took in the situation very readily and undressed and put on the new "togs" leaving the old ones for Mr. Marcus. The tramp was very profuse in his thanks to the little boy for his kindness and graciously took his departure. Rudolph immediately telephoned his father about the transaction, glowing with pride as he did, about the good deed he had done, knowing he had only complied with the teachings of his parents to be charitable and to give to them who hath not. Mr. Marcus is willing to suffer the loss of his new suit, conscious that his son had followed his instructions concerning the Divine command to be charitable.

Free Gets Munificent Fee.

Arthur M. Free, district attorney of Santa Clara county, a Mountain View boy who graduated from Stanford thirteen years ago, is now in line to receive a contingent fee of $150,000 approved by Judge Graham of the Superior Court in San Francisco as his due in the final settlement of the $7,000,000 estate of the late Arcadia B. de Baker of Los Angeles. It seems that several years ago Free interested himself in the Claim of one Robert M. Bandini, a boy now 18, a grandnephew of the Los Angeles multimillionairess and agreed to press the boy's claim to relationship interest in the vast estate with the understanding that Free receive as counsel fee one-third of whatever the court might award. Yesterday Judge Graham awarded young Bandini $450,000 and approved the $150,000 conditional claim put in by Free. Bandini lives with his mother, Mrs. Ruth McMahon, at 838 Diamond street, San Francisco. Mr. Free is well known in this city and his numerous friends are rejoicing to learn of his good fortune.

Local Firm Preparing to Move.

The Gray, Thorning Lumber Company is preparing to move by January 1st to their new location, corner Redwood avenue and El Camino Real. They have erected a fine one-story building with plastered exterior and finished inside with slash-grain Oregon pine and curly reewood.

They are installing a complete line of hardware in connection with their lumber business, and will be prepared to furnish anything in that line from a tack to a saw mill as well as anything in the lumber bnsiness from a toothpick to a flag pole. They are also erecting an immense dry shed, 75 by 125 feet, putting in fine macadam driveways, in fact the best equipped lumberyard on the peninsula.

The members of the firm, Messrs W. P. Gray and Z. T. Thorning. have lots of confidence in the future of Redwood City, as is evidenced by their large outlay of cash. They invite their friends, both old and new, to call and see them in their new location, promising them right goods, right prices and prompt deliveries.

On Eastern Visit,

Mrs. Theresa Windus, nee Sullivan, a former clerk in the First National Bank of this city, accompanied by her husband, M. V. Windus, departed last Tuesday for Chicago and other eastern points. They will return by the northern route, stopping off at Pullman, Washington, to spend the holidays with Mr. Windus' parents. Mr. and Mrs. Windus will be absent from the State for two months. Mr. Windus is a prominent conductor of the Coast Division of the Southern Pacific Company.

Met Old Time Friends.

Superintendent of Schools Roy W. Cloud went to Red Bluff Tuesday and addressed the teachers of Tehama county at their institute and returned home the same evening. While in Red Bluff he met several from Redwood City who are now in that section, among them being Mr. and Mrs. J. B. Hughes who are at Oroville, Will Allen who has a printing office at Red Bluff and Elliott Seizer who is in a drug store in that city.

Factory Ready to Start.

It is understood that the magnesia plant south of town will start with a full force on the first of the year. For some time work on the plant has been pushed. All the new buildings are completed and the machinery is now being tested preparatory to starting on the first of the month. Over one hundred men will be employed at the beginning and this force will be gradually increased.

Smith Not Guilty.

Henry Smith, who was accused of robbing the premises of James Pickett in this city on November 17th last, had his preliminary hearing before Judge Lampkin last wednesday and was exonerated, his attorney, Kenneth M. Green, proving an alibi. It was shown that Smith was in San Mateo during the whole of the day on which the burglary was said to have been committe.

Redwood City council, Boy Scouts of America, has as its troop committee for 1915, Roy W. Cloud, D. W. Williams and Wilbur H. Doxsee. John MacBain is erecting a $2,000 garage for J. B. Leonard at the rear of Mr. Leonard's new home on Oak Grove avenue. The cosy residence will be occupied by the owner before the holidays. It is a home fit for the gods and one that any person might covet.

Mr. and Mrs. Herbert Payne (Vera de Sabla), who have been in England for some months and stopped en route for several weeks in New York, arrived in San Francisco Monday. They will occupy the Joseph Sadoc Tobin home at San Mateo for the winter.

The collection for the Belgian sufferers taken up at the masses in the Church of the Nativity on Sunday, November 22, amounted to $84.60. The collection was ordered by the Archbishop, to be taken up in all churches of the diocese on that date.

F. P Roach has disposed of his blacksmithing and horseshoeing business to J. J. Smith of Portland, Oregon. The latter took possession of the shop on Tuesday last. Mr. Smith is an experienced mechanic, having conducted large shops in the northern city for several years. He intends to improve the business here by adding new machinery and erecting a new forge.

The members of the Menlo Park Horticultural Association held a banquet in Duff & Doyle's hall last Saturday evening. About fifty members of the society were present and partook of one of the most tempting banquets ever given in this community. Toasts and repartee were indulged in until a late hour. It was, indeed, a joyous occasion.

"The best cure for you is a large tub of washing." This is what Mrs. Elizabeth Conway told Judge Graham Monday in San Francisco that her husbannd, Patrick, had said to her in a fit of anger. She was awarded an interlocutory decree of divorce. They were married in Menlo Park in 1905 and have four children. Mrs Conway also alleged that her husband struck her.

Will D. Shea, the well known San Francisco architect who maintains a handsome home at Atherton, is the architect for the new theatre and club house building now being erected by the Knights of Columbus at San Mateo. The structure will cost $40,000. Mr. Shea wos at one time the architect for the City of San Francisco. He is among the leaders of the profession.

The following were arrested by County Traffic Officer James B. Logan of Menlo Park on Sunday for exceeding the speed limit: R. F. Flucher, 5011 Webster street, San Francisco, automobile. E. G. Fry, San Francisco, automobile. F. L. Allen, San Francisco, motorcycle. Fulcher appeared before Justice Lampkin in Redwood City Tuesday morning and was fined $10. The others will appear in court Thursday morninng.

A. Borel has moved into the D. S. Dorn residence adjoining the Samuel M. Shortridge place which Mr. Borel has occupied for the past two years. Mr. Shortridge will move down from the city during the week with his family. His coming caused the current rumor that the Borels might move away from Menlo Park. The fact that they have leased the Dorn home for a year will put this rumor at rest and this will be glad news to the people of Menlo Park who have the greatest admiration for Mr. Borel and his charming wife.

State Game Warden T. P. Maloney is playing havoc with those who persist in breaking the game law. Last week he arrested Simon Morello and Tony Mussia for killing rail at Ravenswood out of season. The game warden caught them with the birds in their possession. The men were also charged with the additional offense of hunting without a license. They were taken to Redwood City and were sentenced to pay a fine of $25 each by Judge Lampkin. This week Mr. Maloney arseted Vincent Antonio for killing killdee plover, a shore bird at Ravneswood. This offense comes under the federal statute and therefore Mr. Antonio will have to appear in the U. S. District Court at San Francisco before Judge Dooling for trial. The season for killing plover will be closed until 1918. The season for hunting rail is also closed until that time by the federal, state and county laws.

A Solemn Triduum in preparation for the feast of the Immaculate Conception will begin in the Church of the Nativity on Sunday, December 6th, after the 10:30 o'clock Mass and close on Tuesday evening. On Tuesday will occur the patronal feast of both the gentlemen's and ladies' sodalities of the parish and each year it is made the occasion of a reunion of the sodalities and a solemn renewal of the act of consecration. This year a Triduum, or three days preparation, will be made. The services will consist of Mass at 7 A. M. Monday and Tuesday and special services with appropriate sermons on Sunday, Monday and Tuesday evenings, beginning at 7:45 o'clock. On Sunday evening Rev. John W. Sullivan, formerly professor in St. Patrick's Seminary, will preach. On Monday evening the Rev. John M. Byrne of St Mary's Cathedral, San Francisco, and on Tuesday the Rev. Jas. A. Grant, rector of Burlingame, will be the preachers. At each of the evening services a full attendance of the members of both sodalities is expected. The services will consist of Solemn Vespers of the Blessed Virgin in the full liturgical rite, to be heard for the first time on the peninsula, the solemn public renewal of the act of consecration by both sodalities in a body, sermon and benediction of the Most Blessed Sacrament. Both sodalities have lately secured magnificent banners and they will be nsed for the first time on Tuesday evening.

Commissioner Loveland of the Railroad Commission held a preliminary hearing of the case of John Billesback and other consumers against the Bear Gulch Water Company at Duff & Doyle's hall yesterday morning at 10 o'clock. The complaint was made against the quality of water and against the rates charged, the minimum rate being the special point of contention. The miserable condition of the water for a number of years was brought out by most of the witnesses called by the complainants. F. J. Amweg, civil engineer, testified as to the poor quality and insufficient quantity furnished. Mr. McEvoy stated that about twenty miles of the mains used by the company were bought by San Mateo County in order to get water for road sprinkling. Six or seven other witnesses testified to the poor service. Warren Olney represented the company at the hearing and C. L. Harkins was engineer for the complainants. The water company admitted the poor quality of the water in the past and promised to improve it in the future. Any adjustments as to the rates will be made at a future hearing in San Francisco and will be based upon a proper return to the company for the money invested. It is apparent that the concern is not operated in an efficient manner, as there is a large pumping cost that would be unnecessary if proper care were taken of the reservoir. Also there does not seem to be any logical basis for a high minimum rate.

GYMNASIUM COMMITTEE WILL ENTERTAIN PUBLIC.

To appreciate the value of the Horace Hawes Gymnasium to the community, one should visit the building during the evenings of Tuesday and Thursday, as well as Saturday afternoon and see the young people engaged in and thoroughly enjoying exercises that train and develop the body and quicken the mentality. The Gymnasium Association employs a high salaried trainer, who devotes his time to teaching all the latest and beneficial forms of exercises.

In order to keep up this high standard of efficiency, and furnish up-to-date paraphernalia and also meet current expenses, the board of control is compelled to give entertainments from time to time, charging a small admission fee, the revenue going to defray the expenses. To that end a committee is now arranging an entertainment for the evening of the 18th instant that will be novel in every respect. A small admission fee of 25 cents and 10 cents for children under 12 years of age will be charged.

A wireless from Santa Claus assures the committee that he will be present and have stored away in his capacious pouch a bag of sweets for each child who will be there to greet him.

Mrs. D. E. Graham and her able assistants are busily engaged rehearsing some forty young people in an original playlet. This production alone will be worth the price of admission to say nothing of other amusements that will follow.

The committee having charge are, Mrs. C. E. Cumberson, Mrs. D. E. Graham, Mrs. A. Kincaid, Mrs. J. J. Shields, J. E. Layng, J. J. Hahir, A. M. Porter, C. E. Cumberson, H. F. Butts, and D. E. Graham.

High School Jinks.

The Yama Yama jinks at the school house last night was one of the most enjoyable affairs ever held in Sequoia. The senior girls were responsible for it. The senior boys and faculty were invited. And everyone laughed. Imagine Mr. McCrea in a striped Yama Yama costume. The program was laugh producing. A pantomime by the girls, represented to the boys, "As others see us." A second one was melodramatic like an overworked film. The mock trial of all the boys was great and the penalties convulsed everyone almost to tears. Of course a palatable luncheon was served to the twenty-four present, the table being decorated in Christmas red and green.

Local Factory is Rushed.

Owing to the European war the Frank Tanning Company is receiving orders for leather at a surprising rate, in fact the company is barely able to fill them. The plant is running at its full capacity. The company is thinking seriously of putting on night shifts in order to meet the big demands for harness leather. All the surplus stock of the concern has been shipped, leaving the store houses empty. This is certainly gratifying to the people of Redwood City, who admire the company for its fairness at all times. Such firms deserve success.

At the meeting of the Fraternal Aid Union next Tuesday evening there will be an election of officers. A good attendance is desired.

WOODSIDE AND PORTOLA

The Appellate Court has denied City Attorney Long's plea for a rehearing on the case of Josselyn vs. the City and County of San Francisco, thereby sustaining a previous decision that Charles Josselyn is entitled to have refunded $645.58 in taxes paid for the fiscal year 1907-1908. More than a score of cases similar to that of Josselyn and amounting to thousands of dollars will be effected by the decision.

A decision was handed down by Superior Judge Geo. H. Buck yesterday and by which 57.69 acres of land in the Woodside district were declared to constitute a homestead and therefore not liable for attachment. The decision was rendered in the case of Neuman Bros., Inc., against Catherine Lane. John Lane during his lifetime purchased largelv from the store conducted by the Neuman Brothers in Woodside, and at the time of his death was largely indebted to that concern. The attachment upon the property was the result of an effort to collect the indebtedness. Mrs. Lane, through her attorney, set up the claim that the property had been converted into a homestead on December 8, 1910, and that as such it could not be attached for debt. The decision of the Superior Court sustains this contention.

Mr. and Mrs. B. L. Bradley and their young son came down from Emerald Bay during the week and are spending a few days here with relatives preparatory to going to Long Beach for the winter. Mr. Mr. and Mrs. Bradley will return to their Emerald Bay home next spring.

Mills, deceased, has filed her final account and has petitioned the court for an order of final distribution, the affairs of the big estate having been wound up. The account shows the total value of the estate to be $88,499.07. This consists of the property described in the inventory amounting to $83,112.35, rents from said property, $5,300 and a refund for taxes amounting to $86.72. The amount paid out was $4180.63. This includes the fees of the attorneys, Coogan and O'Connor, amounting to $1661.12 and the administratrix $1661.12.

Notice of Appeal Filed.

Mark Lane, defendant in the suit of the Miller Estate Company against Mark Lane, has filed a notice in the Superior Court that he would appeal to the Supreme Court from the decision recently rendered by Judge Buck in favor of plaintiff. The grounds on which he bases his appeal are, insufficiency of the evidence to justify the decision and errors occuring at the trial and excepted to by the defendant. W. H. H. Hart of Palo Alto is the attorney for defendant.

Through his attorney, Kenneth M. Green, he agreed to pay the $25 this evening and on this condition the court permitted him to return to his home in Daly City. The Huber divorce suit will be tried before Judge Buck next Tuesday. It promises to be quite sensational.

AUTOMOBILISTS MEET WITH EARLY-MORNING ACCIDENT.

Mrs. C. A. Hutton of San Francisco who was driving through the county in her automobile at an early hour yesterday morning had an accident near Cypress lodge. Her machine was wrecked and one member of her party, a boy, whose name could not be learned, had his skull fractured. Mrs. Simons, also of the party, and Mrs. Hutton were painfully hurt. They were taken to the Red Cross Hospital. It was Mrs. Hutton's son Harold who came into prominence a year ago because he collided with a local vegetable man with his machine and drove on without giving him assistance. He was heavily fined.

HARBOR COMPANY WILL BEGIN LEVEE WORK

The Redwood City Harbor Company, having spent approximately $100,000 in the construction of its spurtrack and wagon road, has been compelled to temporarily suspend work on account of the lack of filling material. It is hoped that the company will be able to secure material from the Twin Peaks tunnel in San Francisco and complete its work without further delay.

The company has voted an appropriation for constructing a levee around its 500-acre tract. The work will commence at once.

HAPPY LA HONDA

LA HONDA, Dec. 2—Our esteemed townsman, George Boone, has just returned from the funeral of his gifted mother, who died suddenly at the age of 63. The people of La Honda grieve with him in this hour of his sorrow. Mrs. Boone was much beloved by a wide circle of friends for her many charities and rare accomplishments. Her funeral was largely attended and many floral pieces attested to the esteem in which she was held. Besides George Boone, she leaves another son, C. F. Boone, and a daughter, Mrs. F. Overton in Oakland, and Mrs. Jos. L. Garrissiere, a daughter in Salinas. Charles T. Boone, the husband, a law writer, known throughout the land, passed away over ten years ago.

Handsome Anthony Smith of the survey force has left us, taking up his work in San Gregorio.

Dr. and Mrs. Asa Collins and friends of San Francisco, spent the week end here at their country home, "Mimosa."

Jack Mesquite of San Gregorio paid us his usual doctor's visit on Saturday.

J. L. Sargent, superintendent of the Moore place near Woodside, accompanied by J. M. Moore of Palo Alto, bagged the quail limit yesterday. They have Lahondacitis, as this was their fourth trip this season.

Annie L. Sears has reached us again after a pleasant trip to the city and the valley.

Gus Zancre, La Honda's official photographer, has wandered back from San Gregorio. His visits to that place are becoming frequent. What is the attraction?

STOP BUYING EXPENSIVE COUGH REMEDIES

Make the Best at Home

Money spent for the old style ready-made, cough syrups in bottles holding only 2 to 2½ ounces is very largely wasted, because most of them are composed principally of sugar and water. Yet you have to pay the same price as if it was all medicine. Stop wasting this money. You can make a better cough medicine at home at one-fifth the cost. Merely go to Ryan's Drug Store and ask for 2 ounces (50c worth) of Schiffmann's Concentrated Expectorant. Mix this with one pint of granulated sugar and one-half pint of boiling water, which makes a full pint (16 ounces). This new, simple, pleasant remedy is guaranteed to relieve the worst cough or cold. Also excellent for Bronchial Asthma, Bronchitis, croup, hoarseness and whooping cough. One bottle will make enough home-made cough medicine to probably last the whole family the entire winter. Children like it, it is so pleasant to take and it positively contains no chloroform, opium, morphine or other narcotics as do most cough mixtures. Keep it on hand in case of emergency and stop each cough before it gets a firm hold. The above druggist has been authorized to return the money in every single case where it does not give perfect satisfaction or is not found the best remedy ever used. Absolutely no risk is run in buying this remedy under this positive guarantee.
